

THE COMPANY

At home in Europe. This is Prime Capital. We are an independent asset management firm with high expertise in alternative investments. In direct exchange with our offices in London, Luxembourg and our head office in Frankfurt am Main we do our utmost every day to invest funds reasonably on the capital market – to realize maximum benefit for our customers. But what really counts is the comprehensive know-how of our staff.

Would you like to invest with us in your future? Are you interested in innovative financial products? Then start as part of a dynamic Team where we live diversity, and take over responsibility as

Asset Manager (f/m) Infrastructure and Renewable Energy

based in Frankfurt/permanent/full time

YOUR NEW CHALLENGE

We have an exciting opportunity for an Asset Manager to join our Infrastructure Team. As a Manager you will be responsible for the operation and profitability of assigned renewable energy assets (wind, hydro and/or other infrastructure assets) owned and managed by Prime Capital clients and investment funds. This includes revenue monitoring, insurance, operations and maintenance, performance monitoring, and reporting.

You will also be responsible for identifying and recommending asset optimisation strategies to enhance the performance of the operations of the infrastructure assets, managing relationships with company service providers and investors, as well as other duties (health and safety etc.) associated with the position of Asset Manager. This position reports to the Head of Infrastructure.

YOUR MAIN RESPONSIBILITIES

- Ongoing supervision and technical management of infrastructure assets and maximizing the value of the asset. Optimising all elements of the asset commensurate with the appropriate risk profile.
- Organising and implementing a business plan that meets the objectives of the project structure and contracts. Monitoring and analysing the key performance indicators of the project.
- Technical and commercial reporting to investors and participate in internal review process to report on the current and forecast performance of asset.

- Represent the company's interest at the project level to assure maximum profitability and return on investment including participation in the budgeting processes.
- Maintain thorough awareness of technical, commercial and financial issues related to assigned projects including appropriately timed visits to the projects.
- Provide support to project staff, if needed to resolve appropriate project, regulatory, contractual or commercial issues.
- Participate in project, customer and client meetings, conferences and discussions to assure active involvement in the asset's affairs.
- Provide updates on regulatory or market changes, which have an impact on the portfolio or individual assets.
- Support investment team in activities related to valuation and acquisition of assets and support client solutions team in activities related to fund raising and communication with clients.

OUR ASSET, YOUR KNOWLEDGE AND SKILLS

- At least 5 years of energy and/or technical experience along with at least 3 years of renewable energy asset management experience. Graduate degree in business, engineering, or related field preferred.
- Demonstrable knowledge of wind and solar power assets, life-cycle analysis, operational requirements, safety and compliance requirements: effective management practices, planning, budgeting and financial assessment.
- Skilled in negotiating contracts and agreements, and exceptional presentation and communication skills.
- Fluent in English and German; other languages would be a plus.
- Proficiency in Microsoft Office, especially Microsoft Excel
- Strong commercial judgment and technical acumen with strong attention to detail, ability to manage multiple and shifting priorities, with a strong focus on results and outcomes
- Be proficient at working autonomously yet be a strong and effective team contributor
- Willingness to travel

YOUR PROFIT

We offer our employees a competitive, performance-based remuneration plus bonus, excellent development prospects, 30 days holiday, as well as extensive fringe benefits, which include

- Flexible working time models
- Lunch food vouchers
- Sport and health offerings

By the way: To date assets of more than Euro 7.5 billion are being structured, securitized, booked on various platforms as well as managed or advised by Prime Capital. That is why we need out-of-the-box thinkers like you. Grow with us!
