

The Company

Prime Capital is an independent financial services and asset management firm. We offer highly professional services for institutional clients, particularly in value-adding alternative investments such as infrastructure. The company, founded in 2006, currently employs approx. 70 people in Frankfurt, London and Luxembourg. Our focus is on direct investments, manager access platforms, individual fund solutions and cost-efficient securitization transactions. Prime Capital manages, advises and monitors alternative investments of approximately EUR 10.2 billion on various platforms.

Are you interested in working in a dynamic and multidisciplinary team investing across Europe in direct infrastructure projects?
